## Yashoda performs six surgeries live

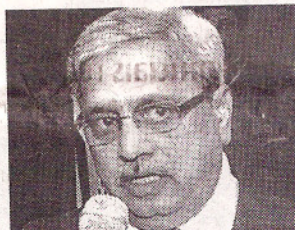

Express News Service  
Vijayawada, February 20

THE Yashoda Group of Hospitals conducted a live surgery workshop and scientific symposium in six different specialities here today.

Speaking at the occasion, Yashoda hospitals managing director Dr G Srinivasa Rao the initiative is a small step towards creating awareness among the public on medical advancement. Using the high-speed network, the hospital broadcasted live procedures in four different specialities including orthopaedics, cardiology, bariatric, and spine Surgery, from the operation theatres in Yashoda Hospitals in Hyderabad.

A two-way communication was also provided to facilitate interaction between the surgeons and the participants during the live procedures. The workshop is founded on a free-exchange of knowledge from combined wisdom pool of over 700 doctors from the Yashoda hospitals, he said.

The live surgeries was

Dr G Srinivasa Rao

broadcasted to the Yashoda facilities in Vijayawada and Kakinada with fibre optic cable with satellite link, he said.

As part of the programme, live procedures in cardiology was done by Dr Raja Sekhar V and Dr T Sashikanth while Dr Akhil Dadi and Dr N Anil Kumar performed the live surgical procedure in orthopaedics. The bariatric surgery was performed by Dr TLVD Prasad Babu and Dr MN Pavan Kumar while Dr Sanjog K Mathur and Dr Sanjay performed the spine Surgery. IMA secretary P Anil Kumar and P Srinivas and others were present at the occasion.
