About the Doctor

Dr. R. Nivalika is one of the best Radiation Oncologists in Hyderabad. She focuses on evidence-based oncology practice and keeps herself updated on a daily basis in the dynamic world of oncology and its management. She has expertise in providing radiation therapies with advanced techniques like SRS, SRT, SBRT, IGRT, RA, IMRT, DIBH, and Respiratory Gating. She has a special interest in Gynaecological Malignancies, Breast Cancer, Head and Neck Malignancies and Brain Tumours. She believes in providing superior quality radiation treatment with the utmost care and empathy by ensuring proper patient counselling, maintaining nutrition and positive mental health, and combining the best suitable radiation treatment with the fewest side effects possible.
