About the Doctor

Dr. Vimi Varghese is a Consultant Transplant Pulmonologist at Yashoda Hospitals, Secunderabad. He is renowned for his compassionate and professional approach in the field of Pulmonary Medicine. He has a particular interest in treating patients with end-stage respiratory disorders such as Chronic Obstructive Pulmonary Disease and Interstitial Lung Disease, with the aim of achieving successful treatment outcomes. Dr. Vimi Varghese's clinical practice is founded on the principles of providing a non-judgmental environment wherein all available options for the treatment course of the individual patient can be discussed in order to identify the most suitable options. By utilising his vast experience and knowledge in the field of Pulmonology, he works collaboratively with a team of highly skilled doctors at Yashoda Hospitals to guide patients through their entire treatment journey.
