

Dr. Hari Kishore Kamepalli

Qualification: MD, DNB(RAD), DM (Neuro Radiology)

Department: Interventional Radiology

Designation: Consultant Neuro and Interventional Radiologist

Languages: Telugu, Hindi, English

Experience: 6 yrs

About the Doctor

Dr. Hari Kishore Kamepalli is a Consultant Neuro and Interventional Radiologist working at Yashoda Hospitals, Malakpet.

Educational Qualifications

- 2023: Neuro & Interventional Radiology, Sree Chitra Tirunal Institute For Medical Sciences & Technology (SCTIMST), Trivandrum.
- 2019: MD Radio-Diagnosis, SVIMS, Tirupati, Andhra Pradesh.
- 2013: MBBS, Andhra Medical Collage, Vishakhapatnam, Andhra Pradesh.

Experience

- 2024-2025: Consultant Neuro and Interventional Radiologist, KIMS Hospitals, Hyderabad
- 2020: Assistant Professor, Department of Radiology, ESIC Medical College and Model Hospital, Rajajinagar, Bangalore
- 2019-2020: Consultant, Department of Radiology, Apollo Hospitals, Bannerghatta Road, Bangalore.

Services Offered

- Percutaneous Whole Body (General)
- Tru-Cut Biopsy, Plug Biopsy (USG/TVS/CT/FLUORO Guided)
- FNAC
- Abscess/Cyst Drainages
- Pigtail and Malecot Catheter Insertion
- Trauma Interventions (Embolizations and Stenting)
- Lines- PICC Line, Hickman Line
- Chemo Port Insertion/Removal
- Central Venous Line & Temporary Dialysis Catheter
- Complex Permcath Insertion
- Liver and Gallbladder - Vascular Management
- Transjugular Intrahepatic Portosystemic Shunt (TIPS)
- IVC/Hepatic Vein Stenting for Budd Chiari Syndrome
- Embolization of Bleed/Aneurysm/Pseudoaneurysms
- Portal Vein Embolization/Thrombolysis
- Transjugular Liver Biopsy (TJLB)
- Hepatic Venous Pressure Gradient
- Variceal Obliteration (BARTO/PARTO/CARTO)
- Trans Arterial Chemo Embolization (TACE) for HCC
- Liver Metastasis of Colorectal Cancer
- Neuroendocrine Masses Transarterial Radioembolization (TARE)
- Liver and Gallbladder (Non-Vascular)
- Percutaneous Transhepatic Biliary Drainage (PTBD)
- PTBD-Metal Stent for Benign and Malignant Strictures
- Percutaneous Cholecystostomy
- Radiofrequency Ablation/Microwave Ablation of HCC
- Liver Metastasis PAIR Therapy for Hydatid Cyst
- Intra-operative RFA
- MWA J-wire Localization of Liver Metastasis
- Intraoperative Intranodal ICG Lymphangiography for Detection of Lymphatic leaks
- Gastrointestinal
- Percutaneous Gastrostomy
- Vascular - Embolization for Upper/Lower GI Bleed Pseudo aneurysm/Aneurysm
- Neurovascular Interventions
- Diagnostic Cerebral Angiogram
- Interventional Acute Stroke Management
- Intracranial Aneurysm Coiling , Balloon and Stent Assisted Coiling
- Flow Diverter placement

Endovascular Embolization of Intracranial Arteriovenous Malformation

- Dural Arteriovenous Fistulas and Carotid Cavernous Fistula
- Spinal Vascular Malformation Embolisation
- Preoperative Embolization of Head and Neck and Spinal Tumours
- Peripheral
- Arterial/Venous Thrombosis, Thrombolysis/Thrombectomy & Stenting
- Varicose Veins - Laser/RF Ablation
- Intranodal Lipiodol Lymphangiography
- Endocrine Adrenal Venous Sampling
- Thyroid and Parathyroid RFA
- Nephrology and Urology
- Vascular Simple/Complex Fistuloplasty & Venoplasty
- Multiple Access Failure Issues
- USG Guided Thrombolysis of Fistula/Graft
- Renal Artery/Vein - Angioplasty/Stenting Thrombolysis
- Embolization for Varicocele
- Prostatic Artery Embolization for BPH
- Non-Vascular
- TRUS Guided Prostate Biopsy
- Renal Cell Carcinoma (RCC) - RF Ablation
- Percutaneous Nephrostomy (PCN)
- Suprapubic Urine Aspiration/Cystostomy and others
- Gynecological Disorders
- Non-Vascular: TVS Guided Procedures
- Vascular: Uterine Artery Embolization , Bilateral internal iliac artery temporary balloon occlusion
- Pulmonology
- Pulmonary AVM & Aneurysms Embolization
- Bronchial Artery Embolization
- Lung Tumour Ablations
- Pulmonary Thrombectomy
- Orthopaedic
- Bone Biopsies
- Vertebroplasty
- RF Ablation of Osteoid Osteoma
- Genicular Artery Embolization
- Pain Management
- Joint/Tendon Injections
- Nerve Root Blocks – Celiac Plexus Block, Superior Hypogastric Plexus Block

Professional Membership

- Member of American Society of Neuroradiology (ASNR)
- Member of Indian Society of Neuroradiology (ISNR)
- Member of Indian Society of Vascular And Interventional Radiology (ISVIR)
