About the Doctor

Dr Sudheer Moodadla is a Senior Consultant in Surgical Gastroenterology, Advanced Laparoscopic, HPB & Robotic Surgeon, at Yashoda Hospitals, Secunderabad. Dr Sudheer Moodadla stands as a distinguished figure in the field of Surgical Gastroenterology, known for his exceptional surgical skill, academic depth, and over 13 years of clinical excellence. His expertise encompasses a wide spectrum of Laparoscopic, Robotic, and Minimally Invasive Abdominal Wall Reconstructive Surgeries. He is proficient in performing both routine and complex gastrointestinal procedures, ranging from laparoscopic appendectomies, cholecystectomies, and hernia repairs to intricate interventions such as complex abdominal wall reconstructions, Whipple's procedure for pancreatic cancer, and advanced gastrointestinal and hepatobiliary cancer surgeries. Dr Sudheer's vision is centred on delivering cutting-edge Laparoscopic, Robotic, and Laser surgeries with a commitment to minimal morbidity and rapid patient recovery. His compassionate approach and team-based clinical philosophy reflect his belief in comprehensive, patient-centred surgical care.
