About the Doctor

Dr Krishna Chowdary Amirineni is a Senior Consultant Gastrointestinal, Laparoscopic & Robotic Surgeon working at Yashoda Hospitals, Secunderabad. Dr Krishna Chowdary Amirineni – Bariatric & Robotic Surgeon is a highly respected and accomplished surgeon specialising in gastrointestinal (GI) surgery, laparoscopic procedures, and robotic surgery. With over 12 years of experience in performing complex surgical interventions, he is known for his dedication to providing precise, minimally invasive surgeries that improve the quality of life for his patients. Dr Krishna is committed to a patient-first philosophy, where every decision made revolves around ensuring the best possible care and outcomes. He strives to maintain the highest standards of practice while using the latest technologies to offer advanced laparoscopic, robotic, and day-care surgeries to his patients.
