Don't miss the opportunity to be a part of this transformative event

Dear Colleagues and Friends,

It is our great pleasure to welcome you to the 3rd edition of Deccan Hemato Link, being held on 21st & 22nd February 2026.

Deccan Hemato Link is not merely a conference - it is a gathering of dedicated hematology minds who come together with one shared purpose: to learn, collaborate, and enhance patient outcomes through the exchange of real-world expertise.

Since its inception in 2024, Deccan Hemato Link has evolved into a landmark event in Indian hematology, symbolizing academic excellence and collective growth. Our journey began with over 400 delegates in the first edition, expanded to 576 delegates in the second, and this year we proudly anticipate over 700 delegates from across India and beyond.

The 2026 edition, themed “Learn from the Experts,” is designed to deliver an exceptional two-day scientific experience. With 10+ renowned international faculties joining us in person, alongside India’s leading hematologists, this year’s program promises to offer insightful lectures, hands-on masterclasses, and evidence-based discussions that bridge global advances with Indian clinical realities.

Deccan Hemato Link continues to represent the spirit of learning without boundaries- uniting hematologists, physicians, gynecologists, intensivists, pediatricians, and researchers on one collaborative platform. Together, we aim to strengthen clinical acumen, encourage innovation, and improve outcomes for patients across the country.

We extend our heartfelt gratitude to our faculty, delegates, partners, and well-wishers who have supported this journey and helped Deccan Hemato Link become one of India’s most respected academic gatherings.

We look forward to welcoming you to Deccan Hemato Link 2026 - two days of inspiration, interaction and impactful learning.

Warm regards,

Organizing Committee Deccan Hemato Link 2026

PATRONS

Dr. G. Surender Rao

08:45 - 09:00 > Opening & Introduction Presenter

SESSION 1 - From Slide to Life: Hematopathology That Changes Outcomes

- 09:00 - 09:20 > When the CBC Whispers Danger : Hidden Red Flags Pathologists Want You to Notice
- 09:20 - 09:40 > Biopsy Reports Decoded : Turning Lymph Node & Marrow Jargon into Bedside Decisions
- 09:40 - 10:00 > Beyond H&E : Flow, FISH, NGS & AI – What to Order, When and What Not to Waste Money On
- 10:00 - 10:30 > Microscope Meets Stethoscope: Hematopathology–Clinic Crossfire
- 10:30 - 11:00 > **TEA**

SESSION 2 - NEMIA - Beyond Iron Deficiency & Approach to Fever with Cytopenia

- 11:00 - 11:20 > The Haematology Riddle: How to Think Through Difficult Consults
- 11:20 - 11:40 > Anemia Clinic Without Confusion: From Iron Pills to Marrow Biopsy
- 11:40 - 12:00 > Fever, Ferritin and ‘Something’s Not Right’: Spotting HLH Before It Explodes
- 12:00 - 12:30 > “WhatsApp OPD”
- 12:30 - 13:15 > MBA Sir Talk - "Hematology" - Kal Aaj Aur Kal
- 13:15 - 13:30 > Inauguration
- 13:30 - 14:30 > **LUNCH**

SESSION 3 Hematologic Disorders in Pregnancy

- 14:30 - 14:50 > Low Platelets in Late Pregnancy: HELLP, ITP, TMA or Something Else?”
- 14:50 - 15:10 > Two Lives, One Coagulation System: VTE, Thrombophilia and Anticoagulation in Pregnancy
- 15:10 - 15:40 > “Consult in the Crossfire” – Multi-Specialty Hot Seat
- 15:40 - 16:00 > My Patient Has a Rare Blood Disorder and is Pregnant’ – Co-Managing Complex Hematology”
- 16:00 - 16:30 > “5-Minute Hematology Hacks” – Lightning Pearls
- 16:30 - 17:00 > **TEA**

SESSION 4 Venous Thromboembolism (VTE) and Thrombophilia & Cancer Therapy-Related Hematologic Complications

- 17:00 - 17:20 > Clots in Odd Places: DVT, PE and Splanchnic Thrombosis for the Physician”
- 17:20 - 17:40 > Tiny Clots, Big Advances: Modern Care of Immune & Congenital TTP
- 17:40 - 18:00 > CBC in 10 Seconds: The Five Clues That Change the Diagnosis
- 18:00 - 18:30 > “Choose-Your-Own-Ending Case” – Clinical Netflix
- 18:30 - 18:50 > Thalassemia & Sickle Cell for the Busy Pediatrician: From Diagnosis to Disease-Modifying Care
- 18:50 - 19:20 > Pancytopenia on a Busy OPD Day: When to Panic, When to Pause
- 19:20 - 19:50 > Industry Symposium

08:55 - 09:00 ▶ Introduction

SESSION 5 Lymphadenopathy and Unexplained Cytopenias & Transfusion Medicine Essentials for Clinicians

- 09:00 - 09:20 ▶ When Lymph Nodes Don't Listen to Antibiotics
- 09:20 - 09:40 ▶ Bruises, Big Spleens and Bad Counts: Pediatric Hematology SOS
- 09:40 - 10:10 ▶ "Clinic to Crash Cart" – Time-Line Simulations
- 10:10 - 10:30 ▶ Transfusion Without Tears: Safe, Smart Use of Blood Products in 2026
- 10:30 - 11:00 ▶ "Hematology Escape Room" – Team Puzzle

SESSION 6 Leukemia Presenting as Febrile or Anemic Illness

- 11:00 - 11:20 ▶ Our Patient Is Pregnant – and Anemic: Doing More Than Just Iron
- 11:20 - 11:40 ▶ The Pale, Tired Child: Iron Deficiency or Something More?
- 11:40 - 12:00 ▶ Haploidentical HSCT: From 'Last Resort' to First Choice"
- 12:00 - 12:30 ▶ "Take-Home Clinics" – 4 Cases, 4 Specialties, 4 Checklists
- 12:30 - 12:50 ▶ Industry Sponsored Session
- 12:50 - 13:20 ▶ Industry Sponsored Session
- 13:20 onward ▶ **LUNCH**

8:45 - 09:00 ▶ Opening & Introduction

MASTER CLASS - 1

09:00 - 09:15 ▶ From Case Sheets to Datasets: How to Build a Publishable Trial Cohort in Real Life

09:15 - 09:30 ▶ MRD, Real-World, and the 'New Primary Endpoints' in India

09:30 - 09:45 ▶ CAR-T, Bispecifics, Transplant: Designing Indian Pathways & Trials That Matter

09:45 - 10:00 ▶ BMT & CAR-T Nursing: 10 Things That Prevent ICU Nights

10:00 - 10:30 ▶ Panel discussion - India Can Lead: What Trial Would You Start Monday?

10:30 - 11:00 ▶ **TEA**

MASTER CLASS - 2

11:00 - 11:20 ▶ Heavy Periods, Recurrent Miscarriage and Easy Bruising: Is There a Bleeding Disorder?

11:20 - 11:40 ▶ Industry Sponsored Session

11:40 - 12:10 ▶ "Top 10 Decisions I Regret (and What I Learned)" – Honest Stories

MASTER CLASS - 3

12:10 - 12:30 ▶ Indian Scenario

12:30 - 13:15 ▶ Industry Symposium - Lymphoma 2026: Bispecifics, CAR-T – How I Choose in the Real World"

13:15 - 13:30 ▶ inauguration

13:30 - 14:30 ▶ **LUNCH**

MASTER CLASS - 4

14:30 - 14:50 ▶ Acute Leukemias (AML & ALL)

14:50 - 15:10 ▶ Industry Sponsored Session

15:10 - 15:30 ▶ Ten Hematology Myths That Keep Patients from Getting Curative Treatment

MASTER CLASS - 5

15:30 - 15:50 ▶ Multiple Myeloma Masterclass

15:50 - 16:10 ▶ Expert Talk

16:10 - 16:30 ▶ Expert Talk

16:30 - 17:00 ▶ Tea Break

17:00 - 17:45 ▶ Industry Symposium CAR-T Multiple Myeloma

MASTER CLASS - 6

17:45 - 18:05 ▶ Bone Marrow Transplantation (BMT) Masterclass

18:05 - 18:25 ▶ Expert Talk

18:25 - 18:45 ▶ Expert Talk

MASTER CLASS - 7

18:45 - 19:05 ▶ Myelodysplastic Syndrome (MDS) & Myeloproliferative Neoplasms (MPN) Masterclass

19:05 - 19:25 ▶ Expert Talk

19:25 - 19:45 ▶ Expert Talk

08:55 - 09:00 ▶ Introduction

MASTER CLASS - 8

09:00 - 09:20 ▶ Hematopathology & Molecular Diagnostics Masterclass

09:20 - 09:40 ▶ Expert Talk

09:40 - 10:00 ▶ Expert Talk

MASTER CLASS - 9

10:00 - 10:20 ▶ Pediatric Leukemia Masterclass

10:20 - 10:40 ▶ Expert Talk

10:40 - 11:00 ▶ Expert Talk

11:00 - 11:30 ▶ **TEA**

MASTER CLASS - 10

11:30 - 11:50 ▶ Pediatric CAR-T Cell & Gene Therapy Masterclass

11:50 - 12:10 ▶ Expert Talk

12:10 - 12:30 ▶ Expert Talk

MASTER CLASS - 11

12:30 - 12:50 ▶ Aplastic Anemia & Bone Marrow Failure Syndromes Masterclass

12:50 - 13:10 ▶ Expert Talk

13:10 - 13:30 ▶ Expert Talk

13:30 onward ▶ **LUNCH**
